

## Lab/Environmental and Office Product Advisory Councils

The Lab and Environmental Product Advisory Council was formed by the NIH SC as a way to meet with the Lab and Environmental product managers on a frequent basis and gather concerns, issues, and comments directly from lab managers and administrative officers from the NIH IC staff across the NIH. There are currently over 20 members representing eight ICs. Administrative Officers and Lab Managers who wish to participate need only send an e-mail requesting membership to the NIH SC Marketing Team [nihsmarketingteam@mail.nih.gov](mailto:nihsmarketingteam@mail.nih.gov).
